

Biometrics and Identity Management Symposium

August 4, 2009

The Willard Intercontinental Hotel, Washington, DC

Call for Sponsors

AFCEA Bethesda's **Biometrics and Identity Management Symposium** will bring together senior government leaders and IT professionals across the federal, Biometrics & Identity Management community to foster better inter-agency communication, share lessons learned and identify mission-critical IT issues. This half-day event will focus on federal initiatives and programs that harness current and emerging technologies to better protect and improve the safety and security of Federal workers and US constituents

In addition to topical keynote presentations, the symposium will also feature panel sessions that will explore subject areas of importance to the market, including identity management, PIV and CAC, Logical & Physical Access, OMB initiatives and many more relevant topics to Identity and Biometrics.

Audience Profile:

- Expected attendance of more than 200 IT professionals
- Prime and sub-contractors will network with industry colleagues and partners interested in Biometrics & Identity Management opportunities

For more information on AFCEA Bethesda's **Biometrics and Identity Management Symposium**, contact: Aileen Bloom, 703-629-1367, aileen.bloom@sun.com
